

# ADOLESCENT SERVICES

## Supporting the Unique Needs of Young People

Fairbanks' adolescent services are designed to address the emotional, developmental, physical, psychological, family and social factors that affect teens. Adolescents with substance-use disorders need guidance and support from highly skilled professionals who specialize in treating the whole individual.

### We offer specialized programs for adolescents including:

- Inpatient Programs
- Outpatient Programs
- Drug and Alcohol Education
- Recovery Management
- Hope Academy, Recovery High School

Hope Academy is a tuition-free, public charter high school for teens in recovery. Located on the Fairbanks campus, students may enroll to earn their Core 40 diploma in a safe, sober environment.

For more information go online or call.
